The town clerk had visited the Capitol at Salt Lake City for the express purpose of setting the tax levies for the coming year. They were registered as follows:

General Purposes	4 mills
Water and Lights	4 mills
Interest & Sinking	4 mills
Total	12 mills

He also visited the road commission department, where he paid several bills, bringing the town's account with them up to date. He also discussed the matter of the B. and C. Road Fund, which is determined by an appointed committee for the various communities. It was found that the town of Soldier Summit had to its credit \$543.42, for which it had not yet applied; So he authorized them to transfer that amount to the town's banking account, sending it directly to the president and treasurer, John W. Harmon. This they promised to do promptly.

The town clerk also called on the American Surety Company of Salt Lake, which company holds the bonds for the officers of the town. It was found that this company was carrying, and the town was paying for bonds on officers who do not hold offices at the present time. This matter was corrected and brought up to date. The clerk also called at the Zion's Savings Bank and Trust Company and found out certain information pertaining to the water bonds of the town. This was necessary to send an account of the town's indebtedness to the state, which information they had written for. All these actions of the town clerk were sanctioned and approved by the town board.

A letter from the Department of Agriculture, Weed Control, was read and discussed. It was motioned by Hugh Gray, seconded by J. H.
